ABOUT US

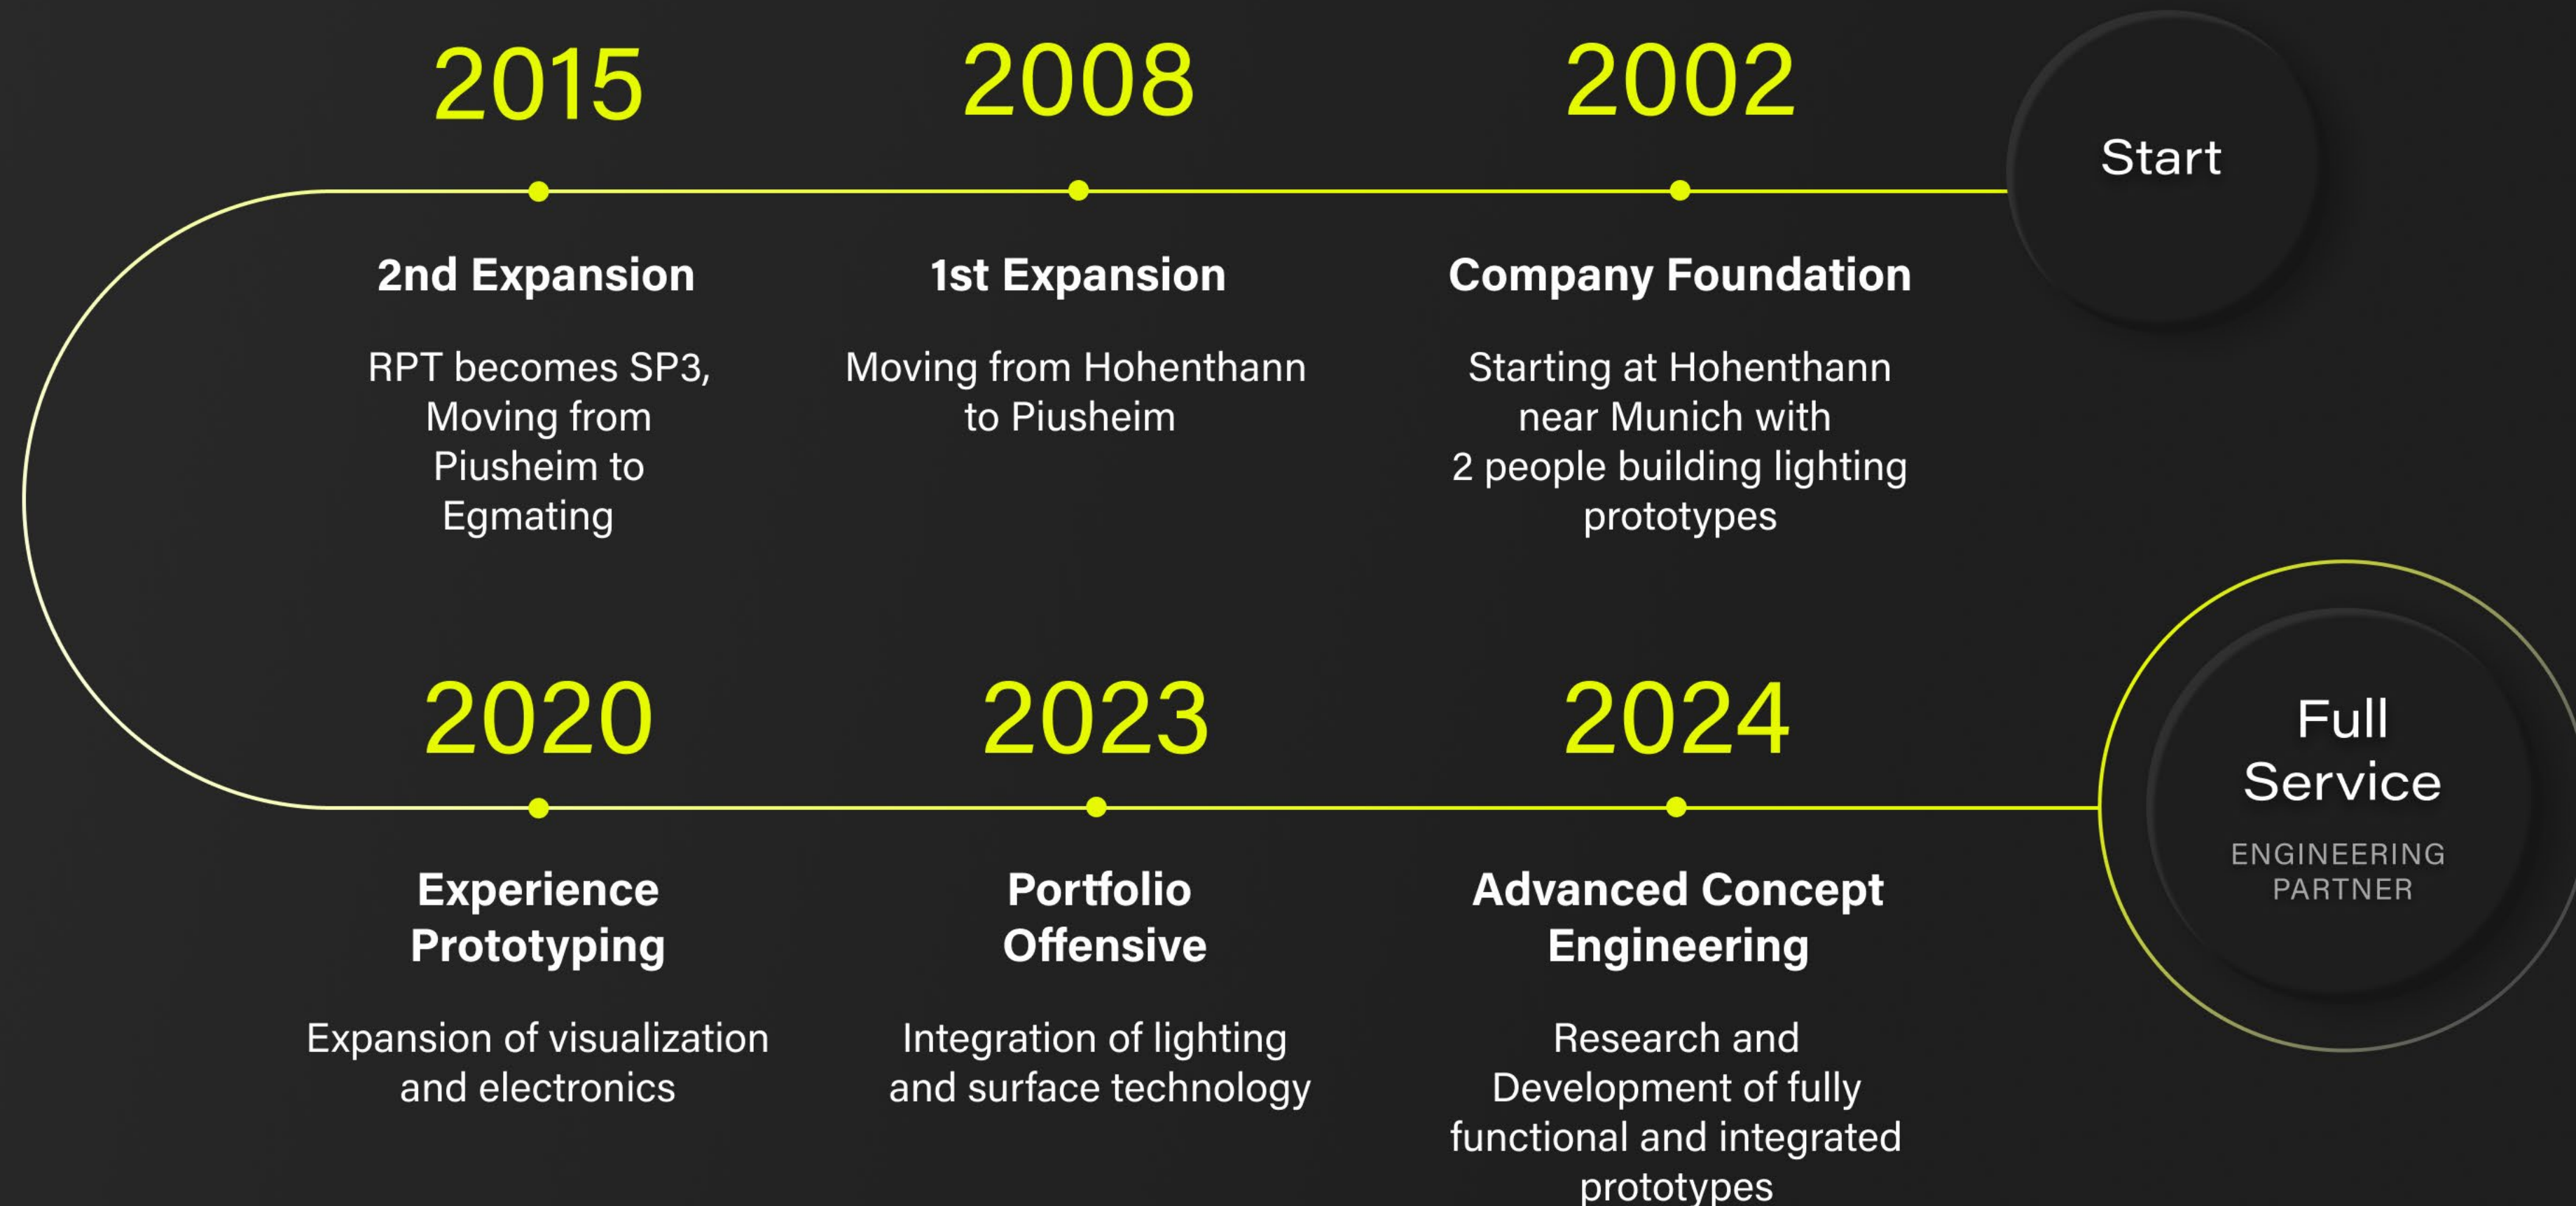

Beyond Prototyping

With more than 20 years of experience, SP3 stands for more than professional prototypes and services.

SP3 stands for absolute reliability, partnership and trust, coupled with the highest level of scientific knowledge and technical skills.

Our Company DNA

Our Service is full-service

Our Service is a full-service. That means, SP3 offers the complete customer solutions in each category of product development and engineering. SP3 stands for Beyond Prototyping.
